LAWRENCE METROPOLITAN E-COMMUNITY

Revolving Loan Fund Processes & Application Packet

A partnership program of the Chamber of Lawrence, KS, the EDC of Lawrence & Douglas County, and Network Kansas, supporting small business and entrepreneurial growth throughout the metropolitan area of Lawrence, Kansas.
Program Background & Project Guidelines

What is an E-Community:
NetWork Kansas was established as a component of the Kansas Economic Growth Act of 2004 to prioritize entrepreneurship and small business growth throughout the State of Kansas. Launched in 2007, NetWork Kansas’ E-Community Program was originally conceptualized to spur growth in rural communities, connecting small business owners and entrepreneurs with expertise, education and economic resources. The rural program proved successful, growing from six to nearly 60 programs in 2017 and having loaned more than $9 million to 336 businesses throughout the state. Building on this success, NetWork Kansas launched a new program to support distressed/urban areas of larger metropolitan communities, selecting Lawrence and Wichita to house initial pilot programs.

Goals of the Lawrence Metro E-Community:
- Grow a flourishing, sustainable entrepreneurial environment supportive of business startups and expansions
- Engage and/or develop entrepreneurial resources to meet identified community and business needs.
- Create a revolving loan fund to provide matching loans to entrepreneurs and small business owners with local control of decisions and terms.

How the Program Works:
The Lawrence Metro E-Community Revolving Loan Fund provides gap financing for new and existing entrepreneurs. Gap financing is the amount of money needed when conventional lenders are unwilling to assume 100% of the risk of lending. Per state law, in order to access program funds, applicants must secure at least 40% of their financing from some other source, such as the Douglas County Revolving Loan Fund or a traditional banking/lending institution.

**Loan Example:** Assume the applicant needs a total of $60,000. Also, assume the applicant has $10,000 of their own capital. Of the remaining $50,000 needed, the E-Community can provide no greater than 60% of that gap (with a max of $45,000). The other 40% minimum must come from a financial institution and/or a local/regional funding source.

Who Qualifies:
Qualifying projects include startup and existing businesses, operating for profit, within the city limits of Lawrence, Kansas (non-profits, academic institutions, gambling concerns, speculative concerns, and lending/investment institutions are ineligible for funding). Funding applications will be for low interest loan requests only. The minimum funding request will be $2,500 with a $45,000 maximum amount available per applicant business.
As the program’s intent is to spur growth in urban and underserved areas, all Metro E-Community projects must meet **ONE** of the following criteria for consideration:

- Business located in a distressed area (20%+ live below poverty level)
- 51% of business is owned by a woman, minority or disadvantaged entity
- Business’ products/services support disadvantaged/underserved populations
- Business currently employs or will employ low-income employees
- Business’ mission is to serve disadvantaged/underserved populations

**Funds May Be Used For:**
Funding secured through the Metro Loan Program can be used for: equipment purchases (including vehicles); business inventory; real estate; real estate improvements; collateralized working capital, etc.

**Funds May NOT Be Used For:**
Metro funding may not be used for: paying off or refinancing existing debt; salary, owner’s draw or payroll taxes; personal vehicles; accounts receivable financing; multilevel marketing or pyramid sales

**Repayment:**
Terms are assessed on a per project basis, with 1% over New York Prime being standard. There is not penalty for early repayment.
