RAISE YOUR EXPECTATIONS OF THE CHAMBER AND YOUR BUSINESS

R Representation - The Chamber works hard at local, state, and federal levels to represent the Lawrence business community and work with elected officials.

A Advocacy - The Chamber works hard to create a healthy business community. We engage in local issues that effect you and mobilize efforts to solve them. We're here to help!

I Information - We pride ourselves on sharing important and timely information with our members, whether its economic development, legislative news, or member news!

S Solutions - Need guidance through a permit process? Not sure how to implement a new law? Call the Chamber first, and we might even have an event for that. Just ask!

E Economic Development - Yep, The Chamber does that, too. Our business is job creation and prosperity for everyone in Lawrence to make sure our city remains a great place to be.
